

EDUCATIONAL OPTIONS

The Board recognizes the need to provide alternative means by which students achieve the goals of the District.

The District will provide students with access to courses available through a virtual instruction program provided by the District, the Florida Virtual School, and/or other approved providers and award credit for successful completion of such courses. The virtual instruction option shall consist of full-time and part-time virtual instruction for students enrolled in kindergarten through grade 12.

The Superintendent shall prepare a plan of educational options for use in meeting special needs. Such options may include, but not be limited to, distance learning, on-line coursework, correspondence courses, summer school, early college admission, dual enrollment, credit by exam, etc.

Credit may be granted to the student upon complete evaluation of the program. The credit shall be placed on the student transcript.

The Superintendent shall develop and update as needed administrative procedures to implement this policy.
