DISCUSSION:
Brevard Public Schools was awarded the Carol M. White Physical Education Program (PEP) Grant on October 1, 2013. Interactive Health Technologies (IHT) is the sole proprietor/developer for the Spirit Software that would assist school-based and district staff with compiling data that is not only mandated by the grant but can be used to enhance instruction and provide feedback for students. Reports can be run at the student, school, and district levels providing extensive analysis of fitness and nutrition levels. As part of district staff’s data obligations for this grant the software will provide the information to show if goals are being met. Currently, 12 schools are utilizing this program. This amendment is to provide this program to an additional 73 district schools and to extend the length of the agreement.

CONTRACT TERM:
The contract term shall be extended until June 30, 2017.
