Re: Relocatable Classrooms for Riviera Elementary School

Mark Mullins, South Area Superintendent, has requested two (2) relocatable classrooms at Riviera Elementary School to relieve over-crowding.

We have received a proposal from Heard Construction, Inc. to relocate two (2) surplus relocatable classrooms from Bayside High School to Riviera Elementary School for a Guaranteed Maximum Price (GMP) of \$83,792.15 under their Continuing Contract for Design/Build Services. The total project cost, including administration, permitting, inspections and project reserve is \$93,100.00.

Board approval is required for a Purchase Order over \$25,000. I do not believe that it is the School District's best interest to delay the project until the next Board meeting. Florida Statute 1013.46(1)(b) states:

Each board may declare an emergency pursuant to this subsection. A situation created by fire, storm, or other providential cause resulting in:

- 1. Imminent danger to life or safety; or*
- 2. Overcrowding of students*

constitutes an emergency.

In order to relieve student over-crowding at Riviera Elementary School as quickly as possible, I am requesting your approval for the issuance of a Purchase Order to Heard Construction, Inc. in the amount of \$83,792.15 on an emergency basis. Such approval is to be submitted to the Board for their approval at the next Board meeting on September 25, 2012.

**Approval to issue a Purchase Order to Heard Construction, Inc.
in the amount of \$83,792.15 on an emergency basis.**
